The media brand ANALYTIC is the indispensable source of information for experts and decision-makers in the food industry. We set the tone, also in terms of digital transformation. For good reasons:

Digital information services have long since overtaken printed media in terms of usage intensity. B2B decision-makers spend an average of more than two hours a day online. One reason among many: Most B2B decision makers today are Millennials. The growth in this age group has increased exponentially in recent years. Furthermore, half of the B2B target group uses mobile devices to search for information. The demand for digital trade media is also being sustainably strengthened by trends such as home office and mobile working.

Our forward-looking response:

The ANALYTIC media brand has been 100% digital since 2021. The previous print edition of ANALYTIC will be upgraded to an E-Mag with a completely new user experience that will reach decision-makers everywhere. The new E-Mag is supplemented by our existing and proven digital media online portal, newsletter and social media.

This makes ANALYTIC a 24/7 information platform, a permanent companion, a perfectly networked decision-making aid and — especially for advertisers — a benchmark for effective B2B marketing.

With this in mind: Discover the possibilities of our attractive overall digital concept for presenting your company in an environment that is relevant to you and for attracting highly qualified leads.
